### **Heritage Day Health Centers' Mike Finelli Recognized for Dedication to Community Efforts**

**Columbus, Ohio** –Michael Finelli, director of facilities and management at Heritage Day Health Centers, was recognized by the Northland Community Commission with a 2011 Northland Community Council Community Award at the organization's May 12 ceremony. Finelli was recognized for leadership and community involvement in the Northland area.

Finelli received awards from the Ohio House of Representatives; The Ohio Senate; and the Columbus City Council. The Northland Area Business Association (NABA) nominated Heritage Day Health Center for the award. Finelli voluntarily connects Heritage Day Health Centers to the community by his involvement with the 161 Task Force and a variety of commitments to NABA and other Northland organizations. "Mike Finelli is an asset to our organization. He represents both Heritage Day Health Centers and the Northland community in a professional compassionate and caring manner. We're extremely proud of Mike, and we applaud this well—deserved recognition," said Erica Drewry, executive director of Heritage Day Health Centers.

The Northland community is the home of one of six Heritage Day Health Centers' adult day care service locations. It is important to the Heritage Day Health Centers organization to be a part of the local community and to reach out as an active participant.

#### **About Heritage Day Health Centers ([www.heritagedayhealth.org](http://www.heritagedayhealth.org))**

Heritage Day Health Centers is owned and operated by National Church Residences ([www.ncr.org](http://www.ncr.org)). The mission of Heritage Day Health Centers is provide comprehensive day care services to physically and/or cognitively impaired adults regardless of their ability to pay for services, and to enable participants to continue living as independently as possible in the community while providing support and relief to their caregivers.

Who uses Heritage

Day Health Centers?

- Adults of all ages who need some supervision while family members work or take care of other daytime responsibilities.
- Adults who are socially isolated and lonely.
- Adults whose activities are limited due to a physical disability.
- Adults who are confused or disoriented and in need of a protective setting due to Alzheimer's disease or a related disorder.
- National Church Residences is the nation's largest not-for-profit developer and manager of affordable senior and family housing. Founded in 1961 with headquarters in Columbus, Ohio, NCR owns and/or manages 330+ affordable senior and family-based communities in 28 states and Puerto Rico, as well as five health care facilities in Ohio.
